 Gurugram

 LinkedIn

 Portfolio

## SKILLS

### Frontend

React.js, Next.js, Redux, HTML, CSS, JavaScript, Tailwind

### Backend

Node.js, Express.js, RESTful APIs, MongoDB, postgresql, MySQL, Prisma

### DevOps & Deployment

AWS EC2, AWS S3, Render, Vercel

### Other

Git, GitHub, PM2, Nginx

## EDUCATION

### MCA

Manipal University - Jaipur

### Full Stack Web Development Program

Masai School - Bangalore, India

## CERTIFICATIONS

### Full Stack Web Development – Masai

School | Graduated: October 2023 | Certificate ID: MASAI-FW21-0978 | Completed 2160 hours of hands-on training in full stack development covering MERN stack, problem solving, and industry best practices.

## SOFT SKILL

Cross-functional collaboration, Agile Development, Code Review, Client Communication

## SUMMARY

Results-driven MERN Stack Developer with over **3 years of hands-on experience** in building and deploying **scalable, high-performance web applications**. Proficient in designing RESTful APIs, cloud deployment on **AWS**, and modern frontend technologies like **React.js** and **Next.js**. Delivered over **10+ production-grade projects**, optimizing performance, security, and usability. Recognized for improving system efficiency and team collaboration in agile environments.

## PROFESSIONAL EXPERIENCE

### Areness Law

Software Developer

01/2025 – 11/2025 | Gurugram

- Led the development of a **Case Management System** that improved document handling efficiency by **40%** for legal teams.
- Engineered **role-based authentication** and real-time data tracking, enabling seamless collaboration across departments.
- Deployed and maintained production systems using **AWS EC2, S3**, resulting in **99.9% uptime**.
- Integrated **REST APIs** with advanced routing and middleware using **Express.js** and **Node.js**, enhancing API response speed by **30%**.

### Get Now Solution Pvt. Ltd.

Full Stack Developer

06/2024 – 12/2024 | Delhi

- Designed and launched an **MCQ Examination Portal** used by over **500+ users weekly**, featuring real-time result computation.
- Built a **Flight Booking App** with **Amadeus API integration**, enabling users to book international flights with live fare comparison.
- Strengthened security by implementing **JWT-based authentication** and user session management.
- Improved feedback loop with real-time error alerts and UI status updates using WebSockets.

### Nolan Edutech Private Limited

SDE Intern

11/2023 – 05/2024 | Bengaluru

- Developed a **Face Recognition Web App** used by **1,000+ students** monthly for secure online attendance.
- Enhanced live camera performance and face detection accuracy by optimizing the **React + OpenCV + face-api.js** integration.
- Delivered frontend modules with **95% test coverage**, ensuring production-grade stability.

### Masai School

Full-Stack Web Development Trainee (MERN Stack)

07/2022 – 10/2023 | Bengaluru

- Completed **2,160+ hours** of intensive MERN stack training including real-world simulations and coding marathons.
- Developed and deployed **6+ full-stack applications**, adhering to Agile sprints and version control best practices.
- Focused on clean architecture, reusable components, and scalable backend logic.
